

Portable 2.1 Speaker System

DICOTA Concert is a high performance 2.1 speaker system providing 2 satellite speakers and 1 subwoofer. Specially designed for Notebooks, Concert offers astounding sound quality compared to other external Notebook speakers. The powerful subwoofer boosts low sound frequencies and provides a solid bass sound. The volume can easily be adjusted via a simple control. Depending on the circumstances, DICOTA Concert operates with the help of batteries or hooked up to the provided power supply unit. During mobile usage with batteries, the low battery indicator clearly displays your available playback time. Thanks to Plug & Play technology installation is quick and easy meaning Concert is ready for use in no time. With the stereo plug, Concert can also easily be attached to your portable gadgets (e.g. iPod).

Due to its light weight and the compact design Concert is undoubtedly an exclusive choice for travelers, who do not want to travel without great sound quality. The provided carry bag provides supreme protection during transport.
